Cranbrook Police News

May 2023

On the 7 April 2023 I welcomed my new "offsider" First Class Constable Cat MCFADYEAN (Cat) to Cranbrook.

Cat and I worked together several years ago, for two years at Kensington Police Station so I am immensely grateful that she was keen to come and work with me again. Cat has moved to town with her husband Tony, who many of you have met already and their daughter Chloe.

On 2 May 2023 we had the Police Minister Paul Papalia called in to the station to meet us and to hear about our work in Cranbrook. Mr Papalia was on his way to Albany for the Legacy Torch Relay but visited many of the smaller Police Station in the Great Southern on his way through. It was good to hear about his commitment to quality and efficient policing and his understanding of providing ongoing services to smaller country communities.

As always, we have no problems keeping ourselves busy with the majority of our recent work involving traffic and unfortunately crashes. Fortunately, nothing serious in our area.

In March 2023 I executed a Misuse of Drugs Act Search Warrant at an address in Cranbrook resulting in over 5 kilograms of cannabis and 3 cannabis plants being seized. A male person was

charged with two offences in relation to these items.

Cat and I recently attended a Seniors lunch and provided some information in relation to "phishing."

Phishing means the fraudulent practice of sending emails or other messages purporting to be from reputable companies in order to induce individuals to reveal personal information, such as passwords and credit card numbers.

If you receive an email or text message and you are unsure if it is legitimate, ring the company that the message claims to be from to clarify its origins and then delete it. Because of the prevalence of phishing, most companies just do not send communications like these, they will address communication to you by name and do not ask for personal data that is already recorded on their systems. We are more than happy to have you call into the Police Station or give us a ring if you would like more information in relation to this.

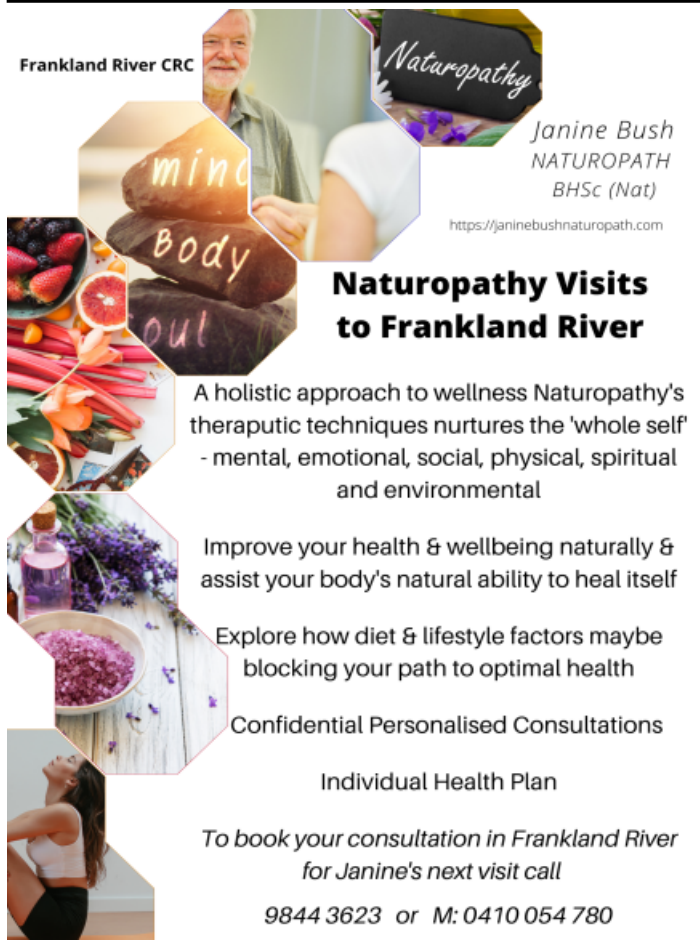

Kind regards
Nat and Cat

The Story of the Purple Road

The Purple Road is a community project started by the Older People's Rights Service at Northern Suburbs Community Legal Centre to raise awareness of elder abuse.

Each handmade flower represents an older persons unique story and opens the conversation for older people who are at risk of experiencing abuse to support, inform, educate and empower.

Currently the Purple Road measures over 60 metres long.

This is only one section of many created by community groups and individuals across WA to highlight the importance of supporting our older community.

Recipe's

Slow Cooker White Wine Chicken Stew

650g chicken thighs, boneless skinless
 3 large carrots
 6 garlic cloves
 1/2 tsp oregano, dried
 2/3 cup peas, frozen
 2 tsp rosemary, dried
 2 tsp thyme, fresh
 1 large yellow onion
 4 large potatoes
 1/2 cup almond milk, unsweetened
 2 cups chicken broth
 1 tsp balsamic vinegar
 1 tbsp Worcestershire sauce
 1/4 cup all-purpose flour
 freshly ground black pepper, lots
 1 tsp salt
 1 tbsp olive oil
 1/2 cup white wine, dry

Add 1 tbsp olive oil to a large skillet and place over high heat. Add chicken pieces and generously season with salt and pepper, brown the meat. Transfer to a slow cooker.

Next add the following to the slow cooker with the chicken: chicken broth, dry white wine, Worcestershire sauce, balsamic vinegar, thyme, rosemary, dried oregano and salt and pepper. Stir together with the chicken until combined, then add in the garlic, onion, carrots and diced potatoes. Cover and cook on low for 7-8 hours or on high for 4-5 hours. The longer the better as the flavors really meld together!

Next, remove 1/2 cup of chicken broth from the slow cooker and transfer to a medium bowl, then stir in 1/2 cup of milk and whisk in 1/4 cup flour until there aren't any lumps remaining. Add mixture back into the slow cooker and stir to combine. Stir in frozen peas and cook uncovered on high for 15-20 minutes until chicken stew thickens up. Taste and season with more salt and pepper if needed. Serve immediately with fresh thyme, fresh crusty bread.

Garden Tips

Make your own fertiliser tea for your garden, its free and 100% organic!

Throw chopped up weeds or grass clippings from your garden into a bucket. When the container is half full, fill the rest of the bucket with water.

Put some fine mesh over the top to keep the mosquitoes out.

Stir daily for 3 days to 2 weeks.

Strain the liquid off to use as a fertiliser or foliar spray.

Return the solids to your compost heap.

The fertiliser spray can be used full strength or diluted on your plants.

Plant leaves tend to absorb more nutrients more quickly than plant roots, so a foliar feeding is an efficient way to fertilise versus a soil drench!

RED Grants to once again support Great Southern projects

The Great Southern Development Commission (GSDC) has welcomed the State Government's opening of round six of the Regional Economic Development (RED) Grants program, and encourages regional businesses and organisations to apply for funding towards local projects.

Following the announcement of the opening of the sixth round of the program by the Hon. Don Punch MLA, Minister for Regional Development, last week in Albany, grants of up to \$150,000 per individual project are available in the Great Southern region.

GSDC Chief Executive Officer Natasha Monks, said the sixth round of the RED Grants program is set to continue economic growth and diversification in the region.

"Over the previous five rounds of REDS, we have seen a huge diversity in Great Southern projects, with each successful project contributing to our region's economy in their own unique way", Ms Monks said.

"We are really encouraging organisations in the Great Southern with great projects in-line with the priorities and objectives of the program, to use our available resources, and reach out to us at the GSDC to find out more about the application process."

Round six grants will have a focus on projects which increase or sustain jobs, expand, or diversify industry, develop skills or capability, increase business productivity and attract new investment to the regions.

Through the previous five rounds of RED Grants, nearly \$3.6 million in funding was approved to support 38 projects in the Great Southern region.

Applications are now open and close on 30 June 2023.

More information about the RED Grants program for the Great Southern, including guidelines and application details are available online at

Shipping container scams

Swelling demand for shipping containers is causing Western Australian consumers to be scammed out of their money at a rate of knots.

When items are in high demand yet short in supply, they become easy targets for scammers who know that when people are desperate to buy scarce items, they can forget to ‘practice the pause’ to consider whether they are being swindled.

According to figures from our WA ScamNet team, 11 victims have been duped out of a whopping \$80,707 already this year – easily eclipsing the \$54,500 recorded in the first five months of 2022, and far exceeding the \$49,000 in total losses for the whole of 2021.

It starts when consumers respond to adverts on social media or elsewhere online for discounted shipping containers, before sending money to websites that turn out to be fake.

Often the scammers steal the business name and ABN information from legitimate companies to appear more convincing, which is exactly what happened recently to GG Plant and Machinery Pty Ltd - an authentic business without an online presence.

As fast as our WA ScamNet team was able to shut down the impersonator sites ‘ggplantandequipment.com’ and ‘ggplantandequipment.com.au’, another one popped up in its place (‘ggplantequipment.com.au’), highlighting why consumers need to remain vigilant when looking for goods online.

Scammers wave a big red flag when they advertise goods well below market prices and only allow consumers to pay via bank transfer, so we always advise against paying for goods this way.

Instead, only shop on websites that offer secure payment methods such as credit card or PayPal, which allow you to dispute the transaction if the

goods aren’t delivered or something else goes wrong.

If you are looking to buy a shipping container, proceed with caution and remember it’s always best if you can inspect the goods in-person. Take the time to find the website or contact details of the legitimate business, then make contact using details you have independently sourced to ascertain whether the offer is genuine.

WA ScamNet maintains a list of fake shipping container webpages that WA consumers have reported losing money to at www.scamnet.wa.gov.au
