Kids Colouring in Competition

Colouring in's to be collected from and returned to Frankland Rural during the school holidays for your chance to win!

Two Divisions: Under 8's and Over 8's

There will be a Winner & a Runner Up prize for each division.

Save the Date – Frankland Rural Field Day – Tuesday 3rd October

10am - Late Arvo

Topics Covered will include:

Canola Disease; Phosphorus Trial; Variety Trial & Sustainability.

More info to come...

SAFETY & SUSTAINABILITY

Frankland Rural are hoping to provide bulk quantities of wool bale clips this season to reduce the number of plastic containers being distributed. We would greatly appreciate any donations of recyclable containers that would be suitable to house these clips such as milo tins, elastrator ring containers, milk bottles etc.

Have you got the essentials in your vehicle? Make sure you have a First Aid Kit & Fire Extinguisher in your car - available at Frankland Rural, as well as a UHF, Spare Tyre, Water & Tools.

OPENING HOURS:
Monday to Friday: 7:30am - 5:00pm
Saturdays: 9am - 12pm

3 Trent Street, Frankland River WA 6396

Community Consultation

Each year the Community Resource Centre offers a traineeship. The traineeship is funded through DPIRD on behalf of the State Government, with the goal of providing to boost training skills and employment to someone who is currently unemployed or underemployed. With the intention being that the trainee goes on to find permanent long-term employment in our town/shire.

With the application open now for this years funding we are seeking input into what the businesses in our town look for in staffing. Whether you think you will be looking for a new staff member in the near or distance future or are fully staffed, we would appreciate any feedback that you think relevant to employment in our community.

We also have the opportunity to partner with a local business or organisation and co-host the trainee providing the opportunity for the trainee to gain their qualification whilst getting experience from two businesses. The CRC would be responsible for the trainee with work experience being gained from the sister organisation. If this is something you believe would be of interest, please contact Teresa on 988 2310 or at manager@franklandrivercrc.org.au

An email will be sent to local businesses and community groups to seek feedback, there is also a survey online on our Facebook page and website, if preferred.

We will be hosting a networking discussion on Thursday the 28th of September at 4.30pm for any business operators who would like to come and discuss the options of co-hosting, assisting with mentoring or future employment of a trainee upon completion of their course. Please rsvp to manager@franklandrivercrc.org.au if you will attend this session.

Recipe's

Berry and Rhubarb compote with coconut dumplings

Ingredients - 1 bunch rhubarb (6 stalks), trimmed, cut into 5cm lengths, 2 1/2 cups frozen mixed berries, 1 granny smith apple, peeled, cored, cut into 8 wedges, 2 tbsp caster sugar, 1 tbsp cornflour, 25g butter, melted, 2 tbsp toasted flaked coconut, Vanilla ice-cream, to serve

Coconut Dumplings

Ingredients - 1 cup self-raising flour, 50g butter, chilled, chopped, 2 tbsp caster sugar, 1/4 cup desiccated coconut. 165ml can coconut milk

Method - Step 1 - Preheat oven to 200C/180C fan-forced. Combine rhubarb, frozen berries, apple, sugar, cornflour and 1 tablespoon water in a large bowl. Place fruit mixture in a 10-cup-capacity oval ovenproof dish. Cover with 2 layers of foil. Bake for 10 minutes or until fruit begins to soften.

Step 2 - Meanwhile, make Coconut Dumplings Sift flour into a bowl. Using fingertips, rub in butter until mixture resembles fine breadcrumbs. Add sugar and coconut. Stir to combine. Add coconut milk. Stir with a wooden spoon until a soft dough forms.

Step 3 - Using 1/3 cup mixture at a time, dollop dumpling mixture onto fruit mixture. Cover tightly with 2 layers of foil. Bake for 30 minutes or until dumplings are puffed.

Step 4 - Remove foil. Brush dumplings with melted butter. Bake for a further 15 minutes or until dumplings are golden and berry mixture starts to bubble. Stand for 10 minutes. Sprinkle with coconut. Serve with ice-cream.

INFORMATION TO PROPERTIES AROUND THE SCHOOL SITE REGARDING OUR SCHEDULED BUILDING CONDITION ASSESSMENT

Building Condition Assessments (BCA) are carried out at all schools at regular intervals as part of the Department of Education’s overall asset management strategy.

In addition to the inspection of buildings and internal areas, aerial surveys using drones will be used to capture footage of roof condition and coverings, including penetration points, box gutters and safety anchor points. In the previous 2018 BCA program drone aerial imagery was successfully used across all schools to capture roof condition and maintenance information.

The drone will operate within the school area to capture buildings, ovals, carparks, and surrounding street parking bays. The drone will ensure the privacy of neighbouring properties (i.e., not show private spaces in photos or videos, such as backyards).

The Department of Finance have engaged licensed drone operators from Duratec Australia who will conduct these surveys at our school site. Drone operators will be wearing uniform and carry appropriate identification.

Drones will typically operate during daylight hours, typically between 6.00 am and 6.00 pm weekdays, on weekends or during school holidays. Drone operators are required to comply with the necessary insurances and certifications including:

- ◆ current Civil Aviation Safety Authority (CASA) safety rules and requirements; and
- ◆ the relevant Remote Pilot License (RePL) and a Remotely piloted aircraft Operator's Certificate (ReOC) certification.

All drone footage will be stored and maintained for internal use only.

Please therefore do not be concerned if you see drones flying over the school.

From the Principal's desk....

Congratulations to all our competitors at the Faction Carnival on 1st September. It was fantastic to see our students trying to achieve their personal best, as well as the high level of encouragement they provided each other. Days like this emphasise the positive school spirit FRPS has! Thank you to our parent volunteers and our staff who go above and beyond to help get the students ready for the big day.

Bushfire Preparedness Information

In preparation for the bushfire season, our ‘Standalone Bushfire Plan’ has now been updated and placed on the school’s website. Please take the time to familiarise yourself with the procedures which the school will follow in the event of a bushfire. Our ONSITE location is the LIBRARY/ADMINISTRATION BLOCK. Students and staff will move to this building in the event of a bushfire. If we need to evacuate OFFSITE, the location is the FRANKLAND RIVER CRC.

Engagement and Wellbeing Incursion

Wow! What a day! Our K-6 students had an amazing time as part of our engagement and wellbeing incursion. Students in K-2 made cubbies, while our Year 3-6 students made cubbies and fires. This incursion was coupled with a shared lunch. Students helped to prepare food, with a focus on vegies, with the assistance our CWA ladies (Bronwen Coole, Rachael Russell, Stevie Egerton-Warburton and Jen Quick), Ms Amabilino, Mrs Alvarez and Mr Gilbert. It was a very busy day but so wonderful to see our students getting involved, persisting with challenging tasks and learning new skills.

For lunch, students were treated to tzatziki dip, beetroot dip with assorted vegetables, homemade focaccia, minestrone soup, fresh spring rolls and veggie fritters. This was all thanks to our successful Healthway grant which has been focused on promoting the consumption of additional vegetables.

Faction Athletics Wrap Up

We had a terrific turn out at our Faction Carnival. Congratulations to all our competitors who

performed admirably. Like most of you, I was fortunate to witness some amazing moments including Bailey Ettridge achieving a personal best on high jump with a jump of 1.2m, Hunter Roberts-Johnston with a triple jump of 7.26m, Lilly Budd with some amazing reflexes in leaderball, the funny moments in junior tunnelball and Amelia O’Shea with a beautiful throw and catch in the intermediate leaderball event. Congratulations to all our students for their fantastic efforts. In the lead up to the day, students had been practising being resilient and it was very pleasing to see that our students remembered that this is a very important part of being a good sportsperson.

R/Up Junior	Junior	R/Up Intermediate	Intermediate	R/Up Senior	Senior
Champion Girl	Champion Girl	Champion Girl	Champion Girl	Champion Girl	Champion Girl

Champion Boy	Champion Boy	Champion Boy	Champion Boy	Champion Boy	Champion Boy
Oscar Egerton-Warburton	Chase Reed	Clancy Beech	Dylan Lange	Charlie Egerton-Warburton	Cameron Hooper Reuben Kent

A special thanks to our school staff who work tirelessly behind the scenes to ensure that the day runs smoothly, our awesome P&C who provided some delicious food for morning tea and lunch and our volunteers who take on additional roles on the day. Thanks to Ms A and Mrs Zur who have marked out the oval twice and always make sure our school and oval looks it absolute best!

We are very fortunate to have many people willing to help and this makes running a carnival much easier and more efficient. We are also lucky to have Mrs Faye Challenor who takes on the role of recorder each year. Thank you everyone!

Stig Wemyss Visit

On Monday 28th August our students and staff were treated to a visit from Stig Wemyss who narrates stories. Stig explained many funny stories and some of our students (and staff!) eagerly volunteered to be part of Stig’s performance. Stig strongly encouraged all our students to join our local library, so if you haven’t already, please join up to the Frankland River Library which is located at the CRC.

A special thanks to Teresa Lawson and the Frankland River CRC for organising Stig to visit our school.

Don't tip toe through these tulips!

From left to right. One-leaf Cape Tulip (*Moraea flaccida*). Two-leaf Cape Tulip (*Moraea miniata*). Cormils on stem.

You might have recently noticed these pretty looking flowers when walking through the bush, spotted them growing along roadsides or seen them in paddocks, particularly in the Southwest of the state. Members of the Iridaceae (Iris) family, these lovely looking flowers are actually a serious and widespread weed in Western Australia. They are commonly called the One-leaf and Two-leaf Cape Tulip.

As the name suggests, One-leaf Cape Tulip typically has only one leaf per plant. The flower colour ranges between orange and salmon pink with a yellow centre. It reproduces via both seed and annually renewed corms. The seeds and corms sprout in autumn after rain, with up to 60% of corms potentially staying dormant each year.

Two-leaf Cape Tulip has a similar looking flower but can be distinguished by having two to three leaves per plant. It sprouts in autumn and flowers in spring. However, unlike the one-leaf variety, it doesn't seed, but produces cormils on its stems.

Why control: Both varieties of cape tulip are a serious weed of pastures, roadsides, wastelands, and bushland. In pasture, livestock often selectively graze clovers and other more palatable species, which allows cape tulip to flourish. However, if eaten, all parts of cape tulip are toxic to livestock while the plant material exists - whether it is alive, dying, or dead. Spraying with herbicides does not remove its toxicity.

When to control: The optimal time for chemical control of both plants is July to September, when they flower, and the corm is exhausted. After this time the plant material will start to dry out, making any kind of chemical difficult for the plant to absorb.

If you have missed the opportunity to control this year, all is not lost. Take note of where you have seen Cape Tulip so you can be prepared and ready to control it for the next season.

Further information on Cape Tulip can be found on the DPIRD website: <https://www.agric.wa.gov.au/declared-plants/cape-tulip-what-you-should-know>

Block your driver's licence to lock-out identity thieves

Money is not the only thing scammers are looking to steal these days – your personal identification can be just as valuable to them.

As part of their ruse, scammers posing as legitimate organisations or government service providers often pretend to need copies of your driver's licence and passport to verify your identity, when their actual aim is to steal it.

Having your identity stolen can cause devastating and long-lasting impacts, from finding unauthorised purchases on your credit card, through to having your name used to open bank accounts, take out loans and even to scam other people.

Just recently, Consumer Protection issued a [warning](#) about a fake WA Seniors Card website that was targeting seniors for both their money and multiple forms of identification. In reality, the WA Seniors Card is free of charge and applicants are never requested to pay a fee, or disclose personal identification in exchange for membership.

Aside from sending scammers your personal information, the other way they can get their hands on it is through data breaches that occur when cybercriminals hack into an organisation's system and leak their customers' details onto the dark web.

To help protect all WA consumers from identity theft, the Department of Transport has made it possible to put a [block on your driver's licence](#) to stop it being used to verify your identity online.

Putting a block on your driver's licence or learner's permit means if a scammer tries to use these documents for identity verification through the Australian Government's [Document Verification Service \(DVS\)](#), it will be declined.

You can add and remove a driver's licence block anytime using [DoTDirect](#) by navigating to the 'Protect your identity' section on the 'Driver's licence' page. Your authority to drive is not affected by having a block on your driver's licence.

To learn more about what to do when your driver's licence has been compromised, including how to block it or apply for a new licence number, go to www.transport.wa.gov.au

Don't get caught in a subscription trap

Whether it's a gym, streaming service, or dating site you're signed up to, it can be tricky keeping track of how much money is leaving your bank account each month to pay for subscriptions and memberships.

These small, but regular, costs can soon add up and contribute to cost of living pressures, so it can be worthwhile taking the time to see which services are worth keeping and which ones aren't.

In the past 12 months, almost 300 consumers have come to Consumer Protection with complaints about subscriptions and memberships – nearly a third of which involved issues cancelling fitness services.

Under [WA's Fitness Code](#), consumers are allowed to cancel their fitness service electronically, with direct debits to stop once the last payment due under the contract has been paid. Prior to the end of the initial term of an agreement, fitness providers must also notify consumers before automatically renewing their memberships, thus giving them the opportunity to cancel without penalty.

Subscriptions traps are one of the many so-called 'dark patterns' that may be deceiving consumers online by tricking them into parting with more money than they intended to.

A subscription trap may occur when an online retailer or service provider treats a single purchase or free trial as consent to sign consumers up to a paid subscription without adequately disclosing that ongoing fees are involved. Deceptive design patterns are often built into the interface, such as pre-ticked checkboxes, trick questions and redirection.

To avoid getting caught in a subscription trap, make sure you've read and understand the terms and conditions before signing up to see whether any ongoing fees are involved. If you sign up for a free trial with the intention of cancelling the subscription before the billing date, it can be helpful to set yourself a calendar reminder.

When reviewing existing memberships and subscription services, look through your bank statements to see what you're paying for, then think about which services you use and check whether there's a better deal, cheaper plan or low-cost alternative. Cancel any subscriptions or memberships you're not using or getting value from.

If you're struggling to cancel a subscription, or believe you've been misled into paying for one, contact Consumer Protection on 1300 30 40 54 or email consumer@dmirs.wa.gov.au

SEED LIBRARY

It's as easy as ... Join - Borrow - Grow - Save - Return

We would like to take this opportunity to extend a grateful note of thanks to our annual advertisers who continue to support your local community paper with their paid advertising; some of these have been with us since inception of the local rag in early 1998.

This assists us with production costs and allows FREE fortnightly circulation to residents in our district. Thank you all.
