

2023 Photographic Competition Display

Visitors and locals have been greeted with a wonderland of colour and vibrancy adorning the walls and stands throughout the Centre with the display of photographic entries from our recent "Country Life" photo competition held as part of the 2023 Bloom Festival.

Our library space also highlighted some of the recent artwork and craft from the children at the Frankland River Primary School which added to the colour of the event.

Congratulations to all everyone who entered, your visual through the lens glimpses of country life was an amazing treat and reminded us all of the many facets that surround our life in rural communities.

This event was proudly supported by Shire of Cranbrook, and Great Southern Hidden Treasures Bloom Festival

Letter to the Community from the Retiring Shire President, Cr Phil Horrocks.

To the Councillors, Staff and Ratepayers of the Shire of Cranbrook,

As you would be aware, I made the decision to retire as Shire President and as a Councillor for the Shire of Cranbrook and did not nominate for election this year. In conjunction, with another long term and hardworking Councillor, Cr Peter Beech, we decided that our time was up! This also simplified the election process as we were due to reduce our Council from 9 to 7 members because of the Local Government Reforms.

I am leaving a Council that is a model that most Shires want; one with a good gender balance, as well as a much younger demographic and not all are farmers in the conventional sense. We have for example a wine grower, someone involved in the tourist industry, someone who has worked for years in the public sector and another who has been a financial administrator, a shearer, farmers who are first generation and those whose families have been in the agricultural industry for generations. They all bring different skills and experience to the role, but together they have brought positive change to the Shire of Cranbrook.

Over the last four years through a combination of grant funding and Shire revenue, we have replaced the old playground at Cranbrook, expanded with a new tourist and information bay and completed the King Street drainage in Cranbrook. To ensure the safety of road users, we were also part of the funding and project management of the Cranbrook Heavy Vehicle Rest Bay at the intersection of both Highways and continue to maintain this asset. In addition, we have built the new lookout at Sukey Hill, and this has become the most beautiful site in Australia for our Anzac Day Dawn Service.

The Shire has continued to work with the State Government and the Tenterden Tennis Club on the reconstruction and resurfacing of four tennis courts to a value of \$246,000. The project has commenced and is close to finalisation.

In the last two years we have similarly replaced the old sad playground at Frankland River with a new one, and cleared the old Skate Park site and utilised it for a modular pump track. We have completed that work with an improved car park and streetscape and will be adding dual use footpaths to connect all these new assets to the School and the Caravan Park.

When asked what I consider is my greatest achievement whilst on Council, I can only think of the new Planning Policy in relation to plantations; where it limits the percentage of good land that can be put under trees. We were a year ahead of other Shires in making this addition.

I would like to particularly thank the Executive Management Teams I have worked with over my eight years as a Councillor and as President, their assistance and commitment are very much appreciated. I also wish to thank everyone for their support within Council and outside in the Community, it has been a great journey and I have enjoyed the experience of being Shire President and wish the new Council well.

Yours sincerely

Cr Phil Horrocks

Managers Report

I think this may be our busiest month for the year!

We had the Children's Outdoor Adventure First Aid Course, which was well attended with ten kids learning the basics of First Aid and what to do in an emergency, followed by a barbecue lunch in the new playground.

We had the Photo Competition, which was amazing, it was fantastic to see so many amazing entries, and such a variance in what people felt represented Country Life, we had sunrises, sunsets, birds, farm dogs, horses, wildflowers, weddings and storms, all were fantastic. Thank you to the two Shire Councillors from Cranbrook who came over and judged the photos, I'm so glad it wasn't me who had to make the tough decisions. We had twenty-two people submit photos into the three categories with a total of 103 photos submitted.

Congratulations to our winners Kim Haynes, Roy Haynes, Henry Riggall, Tabitha Lawson with Highly Commended in both the Adult and Open categories to Deb Cristenelli. We had sixty-three people submit People's Choice votes and the winners of those were, Kim Haynes, Zavier Brown and Oliver Lawson.

Saturday the 7th of October saw our first Twilight Market being held in the carpark in front of the playground, we had ten stalls including a coffee van, crafts, skincare, candles and wine tastings on the veranda. Thank you to Ferngrove for coming along and to Gilberts and West Cape Howe for sending along wines to be showcased. I know they were being well enjoyed and it was a fantastic addition to the markets. There was a great turnout of visitors with people coming from far and wide to attend and enjoy the sunshine.

The day then finished off with our Blooming Great Night at the Country Club, delicious meals were enjoyed by all and the band Dig The Dust had everyone up dancing early in the evening. There was a huge turnout for the event, with all the tables full and the dance floor well used throughout the night. Thank you to the Frankland Rummage Op Shop for sponsoring the band, it really made the night great!

Busy times continued with the official opening of the Playground with MP Rick Wilson coming over to cut the official ribbon and declare the playground open. Everyone is thrilled to see the playground being used so regularly and in the CRC we get compliments on what a great playground it is at least a couple of times a week. It certainly is a fabulous attraction in our town with travellers regularly stopping for a break.

Saturday saw the CRC being used for the Referendum voting, and then now heading into Local Election voting this week between 9am and 3pm each day. Voting is also available between 8am and 6pm on this Saturday the 21st, please come down and place your votes remembering we have three locals in the

Continued from Page 5

running. There will also be bacon and egg burgers for sale out the front of the CRC until 11am or until sold out.

This week we have our second Smart Home Presentation as a part of the Get Online Week activities. Pop into the CRC between 1.30 and 3pm on Wednesday the 18th of October and let us show you the benefits of using smart home technology in your home. Thank you to DPIRD and Be Connected for providing the grants that allow us to run these initiatives in our community.

Next Wednesday the 25th of October there will be a Community Engagement Meeting held at the Cranbrook Sporting Club from 5-7pm, to provide some much needed information and education on being prepared for an emergency whether it is a fire or any other type of natural disaster or emergency. With the motto being You Don't Know What You Don't Know, we encourage everyone to take this opportunity to come down and refresh their knowledge and get your family and property prepared. There are some great door prizes up for grabs, so make sure to sign in when you arrive. There is a Facebook event on the community page, please respond if you are able to make it, that will help with catering.

Have a great fortnight

Garden tips

Make a Pea Trellis From Pruned Branches

During late winter or early spring, while pruning dormant shrubs and trees, gather branches about 1 inch in diameter and at least 18 inches long. These branches can be repurposed to create an attractive, cost-free pea trellis. The branches need not be straight; twisted ones work well. However, branches with lateral growth are ideal as they offer plenty of places for pea tendrils to grip. Push the branches securely into the soil to prevent wobbling and arrange them closely together to form a solid barrier. Trim any protruding side branches. Then, plant your pea seeds near the trellis's base.

Airing of the Quilts 2023

The Nunijup Patchwork and Craft Group held a very successful 2023 Airing of the Quilts at the Tenterden hall on the long weekend in September, welcoming almost 300 visitors over the three days . Despite a cloudy drizzly start on Saturday morning, the spring weather was kind to us from then on!

Over 80 quilts, wall hangings, and cross stitch items were displayed both inside the hall and blowing in the breeze outside, making a cheery colourful sight as guests arrived.

Members took part in a “Teatime” challenge this year, and visitors could vote for their favourite piece.

Visitors enjoyed the raffles, People’s Choice competitions, two quizzes to challenge the brains, the craft and produce stalls, a plant stall, and especially the delicious Devonshire teas and soup lunches on offer. Gazebos were set up outside for people to sit in, relax and enjoy the home cooked food.

Many positive comments were received over the event, which was very rewarding for our group members to hear. We were fortunate to have our event promoted in the Bloom Festival booklet this year and are very grateful to the Shire of Cranbrook and Southern Treasures for this opportunity.

We now look forward to our next Airing in 2025!

 Candidate name **George John POLLARD**
 District **Shire of Cranbrook**
 Nominating for **Councillor for Shire of Cranbrook**
 Election type **Ordinary**
 Enrolment status **POLLARD, George is eligible to stand for election as a resident of the Shire of Cranbrook.**

I am a farmer and have 2 children at the Cranbrook school and my wife Kate is involved in quite a few community groups. I have enjoyed serving the Cranbrook Shire as Vice President for the last 2 years. I believe I still have plenty of energy left in the tank to put towards making the Cranbrook Shire a better place. I am a straight shooter who is happy to say how it is. If an issue has arisen at the Shire, I leave no stone unturned to gather information to make a well informed decision. Please vote for the current councillors in the up and coming election. We have a great group of people serving you.

Since 2021, I have represented on Council. I would welcome the opportunity to continue this role, working with Shire staff and the community to achieve our community goals.

As a Councillor, I regard myself as professional, well informed and a considered decision maker. I value integrity and believe that everyone has something to contribute.

I had a 15yr career in State Government management; heritage, tourism and communications, and served 2yrs as chairwoman of Cranbrook School Board.

I want the best future for this beautiful region and will continue to undertake this Council role with professionalism and purpose. As a business owner my focus is the core of community; the promotion of our Shire and the long-term sustainability of business to attract people to visit, live, work.

Our family of 5 moved to Cranbrook from Perth 10yrs ago to live and raise our children, currently schooled at Cranbrook Primary. We value Cranbrook as a supportive and safe community.

Born and raised in Cranbrook I am a local farmer who seeks your support to continue my work on Council.

I will keep trying to improve local roads, lower rates and making the Shire a better place to live.

I am an advocate for sound financial planning and decision making and will continue to watch transparency and accountability.

I would encourage more input from the local community to their Councillors so that we can get the best outcomes for you.

Being a Shire Councillor for the past two years has been rewarding. I would like to re-elect to make use of the extensive Local Government training to help meet our community needs outlined in our Strategic Plan.

Today's economic environment has produced challenges, yet we have successfully completed numerous projects which I am proud of including the FR Playground, Pump Track and soon the street beautification.

For the past 17 years I have lived on my husband's family farm where we have raised our three boys and, in that time, I have been a part of many community ventures, joined various committees, volunteered where possible.

I am committed to the Cranbrook shire and look forward to contributing to: the successful maintenance of our local assets; further economic and community development; and preserve a safe, sustainable environment for generations to come.

I feel I am a friendly, approachable and honest person to act as a link between the Shire of Cranbrook and the community.

I am 65 yrs old and very happily married to my wife Beth. We have three sons and daughter-in-laws, all living in Perth and six lovely grandchildren. All whom love spending time on the farm. Beth and I have been residents of Tenterden for 13 years. Since coming to Tenterden we have established a successful BnB on our 100 acre property. I have been involved in a number of volunteer activities as a member of this community and am currently involved as an EMT with the local St John's Ambulance and am an active member of the Cranbrook Community Men's Shed. I have represented the community as a Shire Councillor for the last 6 years and would like the opportunity to continue in this capacity.

I have been a Councillor for Cranbrook for the past 4 years which has been both interesting and challenging. The councillors I have worked with have been great with healthy, robust discussions on important issues. I look at issues from all sides working towards the best outcome for everyone involved.

My highlights of this term were the building of new playgrounds for both Cranbrook and Frankland River, the construction of the Sukey Hill lookout and the building of chalets at the Frankland River Caravan Park.

I love being involved in my community. I am Treasurer for both Frankland River CWA and Community Resource Centre Committee. I was previously Frankland River School Board Chair and P&C Secretary.

I have lived on our farm in Bokerup since 2003 where, along with helping on the farm, I manage the business finances. Clive & I have 2 children in years 11 & 12 in Albany.

I look forward to another term as Councillor for the wonderful people of the Shire of Cranbrook.

I feel very privileged to have served as a Councillor for the Cranbrook shire for the past two years, it has been a challenging and rewarding experience and a steep learning curve dealing with issues which affect the shire in the here and now and strategic planning for Shire into the future.

I am particularly proud of the Shire and its council with the work it has done to endeavour to prevent the productive agricultural land in the shire returning to tree plantations for carbon sequestration.

As someone who was worked in the burgeoning Frankland River for the last 13 years, a local business owner and the experience I have gained in the last two years I believe I am ideally placed to continue my role as a Shire councillor and work with other passionate community members to foster economic growth, improve infrastructure and build an improved quality of life for all Cranbrook shire residents.

Ants in your plants, and pavers?

Left to right: example of letter with sampled ants. Sampling ants using clear sticky tape. Coastal brown ants (*Pheidole megacephala*).

Want to know what your problem ants are and how to control them? You've come to the right place.

There are thousands of ant species in Australia, and most are difficult to identify without a microscope and specialist knowledge. There are very effective baits for some species, while others require control using sprays.

Other species rarely need any control and can be left alone. Unless you know the species of ant, control can be guesswork, which can waste your time and money, and involve the unnecessary use of pesticides.

By submitting samples for identification, you can learn about the species of ants at your property and how to control them, plus you'll contribute to ant surveillance in WA. Detections in recent years of exotic and problematic species such as the African black sugar ant, red imported fire ant and browsing ant, is a testament to the ability of ants to arrive in WA via freight and cargo. Their rapid detection provides the best chance of eradication and prevents the economic, social and environmental impacts caused by these ants.

For ant identification services, we request that only **dead** specimens are submitted. This will prevent any unintended spread of the ants, whilst keeping the postie happy!

Sampling instructions

- Brush ants into a sealed container, Ziplock bag or collect ants using the sticky side of transparent tape and fix this gently to a piece of paper.
- Place sample in the freezer for 1-2 hours to kill any live ants.
- Label samples with the collection location e.g. backyard, kitchen, bathroom, driveway etc., and include a note with your name, address, contact number and email address.
- Deliver or post to: Pest and Disease Information Service (PaDIS), Department of Primary Industries and Regional Development, 3 Baron-Hay Court, South Perth WA 6151.

Any suspected exotic ant species should be reported for biosecurity screening to the Department of Primary Industries and Regional Development.

Further information can be found at agric.wa.gov.au by searching for 'ant control', or by contacting the Pest and Disease Information Service.

We would like to take this opportunity to extend a grateful note of thanks to our annual advertisers who continue to support your local community paper with their paid advertising; some of these have been with us since inception of the local rag in early 1998.

This assists us with production costs and allows FREE fortnightly circulation to residents in our district. Thank you all.
